

Eczema Treatment Programme Refund Guarantee Terms and Conditions

Your Commitment:

During the first 2 months of the "Eczema Treatment Programme" you promise:

- a) To complete and counter-sign a "pre-treatment questionnaire" (portions of which may be used by the Eczema Cure Clinic for publicity purposes).
- b) To attend the Eczema Cure Clinic for 2 follow-up appointments (on pre-agreed dates) to update your treatment regime.
- c) To take the prescribed remedies as directed whilst on the "Eczema Treatment Programme".
- d) To sign off notes taken at each follow-up session.
- e) To complete and sign-off the "post-treatment questionnaire" (portions of which may be used by the Eczema Cure Clinic for publicity purposes).

Eczema Cure Clinic Commitment:

During the "Eczema Treatment Programme" we promise:

- a) To track down and confirm the actual pathogens which are causing your Eczema symptoms.
- b) To eliminate the causes of your Eczema symptoms.
- c) To be available, throughout the time you are on the "Eczema Treatment Programme", for support and advice free of charge.
- d) If at the end of the first two months of the Eczema Treatment Programme, there has not been a significant improvement in your Eczema condition, we will refund your treatment costs in full. (please note: this does not include the cost of your initial consultation or any costs incurred in travel to the Eczema Cure Clinic).

Notes:

a) Significant Improvement and the Full Refund

Significant improvement is understood to mean a quantifiable improvement in the patient's condition by a comparison between the "pre-treatment questionnaire" filled out by the client at their initial consultation and their "Client Improvement Chart" notes at the end of the second month of treatment. If this target is not achieved (and, as long as the client has adhered to all of the terms and conditions listed above) the Eczema Cure Clinic will make a full refund of their treatment costs as listed in "Eczema Cure Clinic Commitment" (see above).

b) Dealing With Other Symptoms and Pathogens

During the initial consultation a client will sometimes describe other symptoms, which are not related to Eczema. The Eczema Cure Clinic is able to isolate the specific pathogens causing these symptoms. If the client wishes to deal with these separate pathogens, at the same time as dealing with their Eczema condition, an additional fee will be charged for both consultation and treatment.

The additional costs that would be incurred will be set out in full before this additional treatment is undertaken and treatment for these will only be carried out at the express wish of the client and after receiving a signed confirmation that the client wishes to proceed with these additional treatments. (Any costs incurred in this additional treatment is not covered by the Eczema Treatment Programme Guarantee)
